Use of land

Application Requirements

An application to use land must be accompanied by a report which demonstrates that the proposal is consistent with the Medical Services emphasis of the schedule. In this regard:

- All types of accommodation must provide a high level of amenity to inhabitants.

Decision guidelines

Before deciding on an application to use land the responsible authority must consider, as appropriate:

- Whether the proposed use may adversely impact upon the purpose of the precinct.
- Whether the proposed use may adversely impact upon pedestrian access.

Subdivision

Application requirements

An application to subdivide land must be accompanied by a site analysis and design response demonstrating how the proposal addresses clause 56, as appropriate.

Decision guidelines

Before deciding on an application to subdivide land the responsible authority must consider, as appropriate:

- Clause 56.
- The suitability of the subdivision design to accommodate uses and development that is consistent with the purpose of this schedule.

Buildings and works

Application Requirements

An application to construct a building or to construct and carry out works (except for minor buildings and works associated with an existing building) must be accompanied by a site analysis and design response demonstrating how the proposal addresses:

- The provisions of the zone and schedule.
- Any overlays affecting the land.
- The constraints of the site and locality.
- The surrounding streetscape and vegetation character.
- Clause 54 or 55 (if applicable).
- The ability to convert floor space of the proposed uses to a medical centre or hospital, if required in future.
- The *Heidelberg Specialised and Major Activity Centre* (Clause 21.04).

The development of land that is not affected by a Design and Development Overlay should be constructed to a height that is consistent with development in the General Residential Zone.

Decision guidelines

Before deciding on an application to use land the responsible authority must consider, as appropriate:

- All floor to ceiling heights within buildings, must be adequate to enable the conversion of other uses, (such as a dwelling) to Medical Centre.

- Whether the proposed development provides an appropriate level of amenity to nearby dwellings, medical centres and hospitals.
- Whether the development of land not affected by a Design and Development Overlay is constructed to a height that is consistent with development in the General Residential Zone.
