SCHEDULE 2 TO THE DESIGN AND DEVELOPMENT OVERLAY

Shown on the planning scheme map as DDO2

AIRFIELD ENVIRONS

1.0

19/01/2006
VC37

Design objectives

To ensure the safe and efficient operation of the Phillip Island airfield, particularly the use of the east-west runway.

2.0

19/01/2006
VC37

Buildings and works

A permit is not required for any proposed buildings and works that have a height less than 4.5 metres above ground level.

3.0

19/01/2006
VC37

Decision guidelines

Before deciding on an application, the responsible authority must consider the impact any proposed buildings or works will have on the safe and efficient operation of the airfield, particularly the approach gradients to the east-west run-way.
