Use of land

Amenity of the neighbourhood

A use must not detrimentally affect the amenity of the neighbourhood, including through the:

- Transport of materials, goods or commodities to or from the land.
- Appearance of any building, works or materials.
- Emission of noise, artificial light, vibration, smell, fumes, smoke, vapour, steam, soot, ash, dust, waste water, waste products, grit or oil.

Application requirements

An application to use land must be accompanied by the following information, as appropriate:

- The purpose of the use and the types of activities which will be carried out.
- The likely effects, if any, on nearby land including noise levels, traffic, the hours of delivery and despatch of goods and materials, hours of operation and light spill, solar access and glare.
- The means of maintaining areas not required for immediate use.
- An assessment by an appropriately qualified persons of the potential for the proposal and its users to be impacted upon by odour sources and noise, including from the Warragul Waste Water Treatment Plant, and the ability for any design response to minimise those potential amenity impacts upon the proposal and the Precinct. The assessment must be prepared to the satisfaction of the Responsible Authority.
- If an industry or warehouse:
 - The type and quantity of goods to be stored, processed or produced.
 - Whether a Works Approval, or Waste Discharge Licence is required from the Environment Protection Authority.
 - Whether a notification under the Occupational Health and Safety (Major Hazard Facilities) Regulations 2000 is required, a licence under the Dangerous Goods Act 1995 is required, or a fire protection quantity under the Dangerous Goods (Storage and Handling) Regulations 2000 is exceeded.
 - The likely effects on adjoining land, including air-borne emissions and emissions to land and water.

Decision guidelines

Before deciding on an application, in addition to the decision guidelines in Clause 65, the responsible authority must consider, as appropriate:

- The State Planning Policy Framework and the Local Planning Policy Framework, including the Municipal Strategic Statement and local planning policies.
- The effect that existing adjacent uses may have on the proposed use.

- The drainage of the land.
- The availability of and connection to services.
- The effect of traffic to be generated on roads.
- The interim use of those parts of the land not required for the proposed use.
- If an industry or warehouse, the effect that the use may have on nearby existing or proposed residential areas or other uses which are sensitive to industrial off-site effects, having regard to any comments or directions of the referral authorities.
- The proximity of the proposed use to the Warragul Waste Water Treatment Plant.
- The sensitivity of the proposal and the persons reasonably expected to attend the proposal and the Precinct to noise and odour that may be generated by the Warragul Waste Water Treatment Plant, including during periods of unscheduled process disruptions.
- The ability for any design response to minimise potential amenity impacts, including from noise and odour emissions from the Warragul Waste Water Treatment Plant, including during periods of unscheduled process disruptions. The design response must be to the satisfaction of the Responsible Authority.

Subdivision

Permit requirement

A permit is required to subdivide land.

Exemption from notice and review

An application is exempt from the notice requirements of Section 52(1)(a), (b) and (d), the decision requirements of Section 64(1), (2) and (3) and the review rights of Section 82(1) of the Act. This exemption does not apply to land within 30 metres of land (not a road) which is in a residential zone, land used for a hospital or an education centre or land in a Public Acquisition Overlay to be acquired for a hospital or an education centre.

Decision guidelines

Before deciding on an application, in addition to the decision guidelines in Clause 65, the responsible authority must consider, as appropriate:

- The State Planning Policy Framework and the Local Planning Policy Framework, including the Municipal Strategic Statement and local planning policies.
- The effect the subdivision will have on the potential of the area to accommodate the uses which will maintain or enhance its competitive strengths.
- Any natural or cultural values on or near the land.
- Streetscape character.
- Landscape treatment.
- The interface with adjoining zones.

4.024/07/2014
C111**Buildings and works****Permit requirement**

A permit is required to construct a building or construct or carry out works.

This does not apply to:

- The installation of an automatic teller machine.
- An alteration to an existing building façade provided:
 - The alteration does not include the installation of an external roller shutter.
 - At least 80 per cent of the building facade at ground floor level is maintained as an entry or window with clear glazing.
- An awning that projects over a road if it is authorised by the relevant public land manager.

Application requirements

An application to construct a building or construct or carry out works must be accompanied by the following information, as appropriate:

- A comprehensive site analysis and design response.
- A plan drawn to scale which shows:
 - The boundaries and dimensions of the site.
 - Adjoining roads.
 - The location, height and purpose of buildings and works on adjoining land.
 - Relevant ground levels.
 - The layout of existing and proposed buildings and works.
 - All driveway, car parking and loading areas.
 - Proposed landscape areas.
 - All external storage and waste treatment areas.
 - Areas not required for immediate use.
- Elevation drawings to scale showing the colour and materials of all buildings and works.
- Construction details of all drainage works, driveways, vehicle parking and loading areas.
- A landscape layout which includes the description of vegetation to be planted, the surfaces to be constructed, site works specification and method of preparing, draining, watering and maintaining the landscape area.
- An assessment by an appropriately qualified person of the potential for the proposal and its users to be impacted upon by odour sources and noise, including from the Warragul Waste Water Treatment Plant, and the ability for any design response to minimise those potential amenity impacts upon the proposal and the Precinct. The assessment must be to the satisfaction of the responsible authority.
- In preparing the design response, plans, elevation drawings, construction details and landscape layout, the following requirements must be considered:

- Development of the land should compliment high-profile of the site, eastern gateway location on the eastern entrance into Warragul.
- Building frontages should be orientated towards Hazel Drive, Queen Street, internal roads and car parking areas.
- Landscaping along road frontages is required to soften the impact of car parking areas and buildings.
- Building design, including services and air-conditioning, should include measures to minimise potential amenity impacts from odour and noise sources upon the proposal and the Precinct.
- Designated pedestrian paths/walkways and pedestrian crossing points should be provided in car parking areas and across vehicle access lanes/roads.
- Outdoor storage areas and loading bays should be screened from view. Goods or materials should not be stored or displayed in a setback area and all rooftop structures, including air conditioning units and fans, must be appropriately screened to address any visual amenity issues.
- Apart from a freestanding sign (no greater than 10 metres in height) identifying the bulky goods retail site, signage shall be confined to simple, clear business identification signs on premises. Other than a freestanding sign for the bulky goods retailing centre, no other signs will be permitted within the landscape setbacks. Lighting of signage will only be acceptable when businesses are open.

In addition to the above, consideration should also be given to the guidelines, as appropriate, contained in the Interim Design Guidelines for Large Format Retail Premises, Department of Planning and Community Development, 2007.

Exemption from notice and review

An application is exempt from the notice requirements of Section 52(1)(a), (b) and (d), the decision requirements of Section 64(1), (2) and (3) and the review rights of Section 82(1) of the Act. This exemption does not apply to an application for a building or works within 30 metres of land (not a road) which is in a residential zone, land used for a hospital or an education centre or land in a Public Acquisition Overlay to be acquired for a hospital or an education centre.

Decision guidelines

Before deciding on an application, in addition to the decision guidelines in Clause 65, the responsible authority must consider, as appropriate:

- The State Planning Policy Framework and the Local Planning Policy Framework, including the Municipal Strategic Statement and local planning policies.
- The design response submitted with the application.
- How the proposed building and works respond to the application requirements.
- The movement of pedestrians and cyclists, and vehicles providing for supplies, waste removal, emergency services and public transport.
- The provision of car parking.
- Defining the responsibility for the maintenance of buildings, landscaping and paved areas.
- The availability of and connection to services.
- Any natural or cultural values on or near the land.
- Interface with non industrial areas.

- Outdoor storage, lighting and storm water discharge.
- The design of buildings to provide for solar access.
- The proximity of the proposed development to the Warragul Waste Water Treatment Plant.
- The assessment and related design response to minimising potential amenity impacts to the proposal and its users, including from noise and odour emissions from the Warragul Waste Water Treatment Plant during periods of unscheduled process disruptions.

Maintenance

All buildings and works must be maintained in good order and appearance to the satisfaction of the responsible authority.

Section 173 Agreement

Any permit granted under this Schedule must contain a condition that the owner of the land to which the application applies enter into a Section 173 Agreement with the responsible authority and the relevant water, drainage or sewerage authority and make application to the Registrar of Titles to have the agreement registered on the title to the land under Section 181 of the Act. The agreement must:

- acknowledge the existence of the Warragul Waste Water Treatment Plant and the potential for impact from odour and other real and perceived amenity impacts during periods of unscheduled process disruptions; and
- require the owner to disclose to any intended purchaser, transferee, assignee, mortgagee, lessee, tenant or occupier the existence and nature of the agreement.

The relevant land owner must pay the reasonable costs of the preparation, execution and registration of the Section 173 Agreement.
