C76**Use of land****Requirements**

A use must not prejudice or interfere with the operation of the aerodrome in any way. Land in the Terminal and Hanger Precinct as identified in the Echuca Aerodrome Master Plan 2010 must only be used for aviation activities and activities directly related to aviation.

**Application requirements**

An application to use land must be accompanied by the following information:

- a plan and/or a statement showing how the proposed use will not prejudice or interfere with the operation of the aerodrome;
- the purpose of the use and types of activities which will be carried out; and
- the likely effects, if any, on the aerodrome and adjacent land including traffic, light spill and hours of operation.

**Decision guidelines**

Before deciding on an application to use land, the responsible authority must consider:

- the existing and likely future use of the aerodrome;
- the effect that the proposed use may have on the aerodrome and existing uses;
- the movement of pedestrians and cyclists and vehicles (both road and air), emergency services and public transport;
- the availability of and connection to services;
- The need for and provision of car parking;
- the effect that the proposed use may have on the amenity of the area; and
- the Echuca Aerodrome Master Plan 2010 (and any subsequent review thereof).

C76**Subdivision****Requirements**

A proposed subdivision must not prejudice or interfere with the operation of the aerodrome in any way.

**Application requirements**

An application to subdivide land must be accompanied by the following information:

- the purpose of the subdivision;
- a plan showing how the subdivision will complement the aerodrome;
- the intended outcome of the subdivision and use of the lots once the subdivision is completed;
- the strategic impact on the aerodrome; and

- the likely effects of the subdivision on the aerodrome and the adjacent land.

### **Decision guidelines**

Before deciding on an application to subdivide land, the responsible authority must consider:

- the existing and likely future use of the aerodrome;
- the effect that the proposed subdivision may have on the aerodrome and existing uses;
- the movement of pedestrians and cyclists and vehicles (both road and air), emergency services and public transport;
- the availability of and connection to services;
- any relevant CASA regulations that may be applicable;
- the effect that the proposed subdivision may have on the amenity of the area; and
- the Echuca Aerodrome Master Plan 2010 (and any subsequent review thereof).
