VC37

Requirements for development plan

The development plan must describe:

- the relationship of uses proposed on the land to existing and proposed uses on adjoining land and proposed buffer areas separating land uses;
- any sites of conservation, heritage or archaeological significance and the means by which they will be managed;
- appropriate arrangements for the provision and funding of necessary physical and social infrastructure;
- the staging and anticipated timing of development;
- an overall scheme of landscaping and any necessary arrangements for the preservation or regeneration of existing vegetation;
- suitable linkages between the site and road, public, bicycle and pedestrian transport facilities to rural residential and urban areas;
- A soil and water report must be submitted with all applications to demonstrate the capacity of infrastructure to service the development and treat stormwater.
