Shown on the planning scheme map as **DPO2**

### **LOW DENSITY RESIDENTIAL DEVELOPMENT PLAN**

#### **1.0**

19/01/2006  
VC37

#### **Requirement before a permit is granted**

A development plan is required to be submitted with a planning permit application or before a planning permit is granted to subdivide land into two or more lots

#### **2.0**

19/01/2006  
VC37

#### **Conditions and requirements for permits**

- All residential development must be serviced with reticulated water and sewerage (when available).
- Where sewerage infrastructure cannot be provided soil and water reports must be submitted demonstrating compliance with State and Local Policies on effluent and stormwater disposal.
- All residential development must be serviced with sealed roads.

#### **3.0**

19/01/2006  
VC37

#### **Requirements for development plan**

The development plan must describe:

- the relationship of uses proposed on the land to existing and proposed uses on adjoining land and proposed buffer areas separating land uses;
- any sites of conservation, heritage or archaeological significance and the means by which they will be managed;
- appropriate arrangements for the provision and funding of necessary physical and social infrastructure;
- the staging and anticipated timing of development;
- an overall scheme of landscaping and any necessary arrangements for the preservation or regeneration of existing vegetation;
- suitable linkages between the site and road, public, bicycle and pedestrian transport facilities to rural residential and urban areas;
- A soil and water report must be submitted with all applications to demonstrate the capacity of infrastructure to service the development and treat stormwater.
