**Use of land**

**Amenity of the neighbourhood**

A use must not detrimentally affect the amenity of the neighbourhood, including through the:

- Transport of materials, goods or commodities to or from the land.
- Appearance of any building, works or materials.
- Emission of noise, artificial light, vibration, smell, fumes, smoke, vapour, steam, soot, ash, dust, waste water, waste products, grit or oil.

Noise emission levels must not exceed the following levels:

- Public address systems 55db(A) LEQ.
- Music or concerts 65db(A) LEQ measured outside any residential property.

### **Application requirements**

An application to use land must be accompanied by the following information:

- The purpose of the use and the types of activities that will be carried out.
- The likely effects, if any, on adjoining land, including noise levels, traffic, the hours of delivery and dispatch of goods and materials, hours of operation and light spill.
- If an industry or warehouse:
  - The type and quantity of goods to be stored, processed or produced.
  - The likely effects on adjoining land, including air-borne emissions and emissions to land and water.

### **Decision guidelines**

Before deciding on an application to use land, the responsible authority must consider, as appropriate:

- The effect of traffic to be generated on roads.
- The provision of car parking.
- The amenity of the adjoining area.
- The frequency of any proposed event.
- The impact of hours of operation on any proposed use on neighbouring areas, particularly with respect to night time use.

### **Buildings and works**

An application to construct a building or carry out works must be accompanied by the following information:

- A plan drawn to scale which shows:
  - The boundaries and dimensions of the site.
  - Adjoining roads.
  - The location, height and purpose of buildings and works on adjoining land.
  - Relevant ground levels.
  - The layout of existing and proposed buildings and works.
  - All driveway, car parking and loading areas.
  - Proposed landscape areas.
  - All external storage areas.
- Elevation drawings to scale showing the colour and materials of all buildings and works.
- Construction details of all drainage, driveways, vehicle parking and loading areas.

### **Decision guidelines**

Before deciding on an application to construct a building or construct or carry out works, the responsible authority must consider, as appropriate:

- The movement of pedestrians and cyclists, and vehicles providing for supplies, waste removal, emergency services and public transport.
- The provision of car parking.
- The interface with adjoining zones, especially the relationship with residential areas.
- The streetscape, including the conservation of buildings, the treatment of the fronts and backs of buildings and their appurtenances, illumination of buildings or their immediate spaces and landscaping of land adjoining a road.
- The availability of and connection to services.
