## **SCHEDULE TO THE EROSION MANAGEMENT OVERLAY**

Shown on the planning scheme map as **EMO**

### **1.0**

05/07/2007  
C41

#### **Permit requirement**

An application to construct buildings or works must be accompanied by a land capability assessment or must include the following information:

- Type and extent of vegetation cover.
- Proximity to waterways.
- Local soil type or geology.
- Local rainfall, particularly seasonal peak rainfall.
- Topography of the site.
- How it is proposed to minimise erosion during construction and on completion of construction.

A permit is not required for:

- For the removal, destruction or lopping of all vegetation including trees, shrubs, herbs and grasses, to the minimum extent necessary for works undertaken by or on behalf of Central Highlands Water required for the construction of the Goldfields Superpipe Project in accordance with the Project Impact Assessment and Environmental Management Plan approved by the Secretary of the Department of Sustainability and Environment and the native vegetation offset plan approved by the Minister for Environment.
