This Municipal Strategic Statement (MSS) sets out the vision, objectives and strategies for managing land use change and development in the City of Melbourne. It provides the basis for the application of local policies, zones, overlays and other provisions in the Melbourne Planning Scheme.

The objectives and strategies for the municipality as a whole are set out under the themes of settlement, environment and landscape, built environment and heritage, housing, economic development, transport and infrastructure. The Local Area section provides more detailed and locally specific information about the strategies.

The MSS has the following eleven sections:
