

18/11/2010  
C174**SCHEDULE 29 TO THE DESIGN AND DEVELOPMENT OVERLAY**Shown on the planning scheme map as **DDO29****WEST MELBOURNE****1.0 Design Objectives**19/01/2006  
VC37

- To acknowledge the transitional nature of the area.
- To encourage the development of a new built form character and the retention of the mixed use nature of the area.
- To acknowledge the potential for higher density development near North Melbourne Railway Station.

**2.0 Buildings and works**19/01/2006  
VC37

An application must be accompanied by a site analysis and urban context report which demonstrates how the proposed building or works achieve each of the Design Objectives and Built Form Outcomes of this schedule, and any local planning policy requirements.

In calculating the building height based on storeys, the following floor to floor dimensions should apply:

- 3.5 metres for residential use,
- 4 metres for non-residential use.

Buildings or works should not exceed the *Maximum Building Height* specified in the table to this schedule.

An application to exceed the Maximum Building Height must demonstrate how the development will continue to achieve the Design Objectives and Built Form Outcomes of this schedule and any local planning policy requirements.

Building height is the vertical distance between the footpath or natural surface level at the centre of the site frontage and the highest point of the building, with the exception of architectural features and building services.

**Table to Schedule 29**

AREA	MAXIMUM BUILDING HEIGHT	BUILT FORM OUTCOMES
DDO 29 West Melbourne	4 storeys	Higher buildings and a new built form character. Development reflects the higher building forms in the area. Development respects the scale of, and provides a transition to, adjoining lower scale heritage buildings.

**3.0**18/11/2010  
C174**Subdivision**

A permit is not required to subdivide land.
