Requirements for development plan

A development plan must describe:

- The means of servicing to lots including the provision of reticulated water and sewerage to all residential lots;
- Layout of collector roads and the impact on the surrounding road system;
- The design and make up of residential lot density in a manner that reflects demand of the area;
- The need for open space and any other community infrastructure as considered necessary by the responsible authority; and
- The impact of the development on any sites of flora or fauna significance, archaeological significance or significant views that may affect the land.
