C187**SCHEDULE 2 TO CLAUSE 42.01 ENVIRONMENTAL SIGNIFICANCE OVERLAY**

Shown on the planning scheme map as **ESO2**.

**SIGNIFICANT TREES****1.0 Statement of environmental significance**28/06/2018  
C187

The *Moonee Valley City Council Significant Tree Register 2017* identifies trees on public and private land which contribute substantially to the amenity of the Municipality. The trees have been selected based on the National Trust's Register of Significant Trees significance criteria, which includes: horticultural or genetic value; unique location or context; rare or localised distribution; particularly old specimen; outstanding size, aesthetic value; curious growth habit; historical significance; connection to Aboriginal culture; outstanding example of species; remnant vegetation; or outstanding habitat.

**2.0 Environmental objective to be achieved**28/06/2018  
C187

- To preserve trees that have been identified as being significant.
- To minimise the impact of development on the health of trees that have been identified as being significant.
- To maintain the respective values of trees identified as being significant, as per the *Moonee Valley City Council Significant Tree Register 2017*, listed in the attached table.

**3.0 Permit requirement**28/06/2018  
C187

A permit is required to construct a fence.

A permit is not required to:

- Subdivide land.
- Prune trees for maintenance purposes provided that the branch size is no greater than 10 centimetres in diameter and the total amount removed is not more than 10 percent of the canopy in accordance with Australian Standard AS4373-2007.
- Remove, destroy or lop any vegetation which is not listed in the table to this schedule.
- Remove, destroy or lop any vegetation which is in accordance with a plan approved under a Schedule to the Development Plan Overlay.

**4.0 Application requirement**19/12/2013  
C130

Any application must be accompanied by a report from a qualified arborist identifying:

- The condition of the tree.
- The reason for the proposed work.
- Whether there are options for alternative treatment.
- What remedial or restorative action is proposed.
- The qualifications of the arborist.
- A timetable of when the proposed works are to be undertaken.
- Where buildings and works are proposed, detailed methods of tree protection during and following the buildings and works.

**5.0**

**Decision guidelines**

28/06/2018  
C187

Before deciding on an application under this overlay, the responsible authority must consider:

- Where the removal, destruction or lopping of a tree is proposed, the reason for the removal, destruction or lopping of the tree.
- Where buildings and works are proposed, whether alternatives, including the redesign or relocation of buildings and works, are possible.
