SCHEDULE 1 TO THE ENVIRONMENTAL SIGNIFICANCE OVERLAY

Shown on the planning scheme map as **ESO1**

LIGHT RAIL REMNANT INDIGENOUS VEGETATION

1.0 Statement of environmental significance

19/01/2006
VC37

This area is one of the few remnant indigenous vegetation communities and includes a number of plant species which are of high local or regional significance within the Port Phillip region.

2.0 Environmental objective to be achieved

19/01/2006
VC37

To conserve existing remnant indigenous species.

To continue revegetation works on the site using indigenous species of local provenance.

To continue weed control and other horticultural maintenance works.

3.0 Permit requirement

19/01/2006
VC37

A permit is not required to construct a building, to construct or carry out works, or remove destroy or lop any vegetation if it is undertaken in accordance with an approved environmental management plan for this area.

An application must be referred to in accordance with Section 55 of the Act to the referral authority specified in Clause 66.04 or a schedule to that clause.
