### Use of land

A use must not detrimentally affect the amenity of the neighbourhood, including through the:

- Transport of materials, goods or commodities to or from the land.

- Appearance of any building, works or materials.
- Emission of noise, artificial light, vibration, smell, fumes, smoke, vapour, steam, soot, ash, dust, waste water, waste products, grit or oil.

Goods and services predominantly associated with the tourism industry and tourism activities and pastimes are deemed to include:

- Clothing, footwear and accessories associated with the beach and beach activities, bushwalking and the natural environment, including other recreational and recreational branded clothing and accessories.
- Recreational and sporting goods associated with the beach and beach activities and other tourism activities and pastimes.
- Art and craft works, souvenirs, jewellery and the like.
- Books.
- Health and wellbeing services.
- Artisan or boutique foods or beverages that are predominantly locally produced or grown.
- Goods and services ancillary to an approved tourism use on the site.

### **Application requirements**

An application to use land for a Shop must be accompanied by a report detailing the range of goods and services to be offered for sale or hire in accordance with the Section 2 condition of Clause 1.0 Table of uses of this schedule to the satisfaction of the responsible authority.

### **Decision guidelines**

Before deciding on an application to use land the responsible authority must consider, as appropriate:

- The interface with adjoining zones, especially the relationship with residential zones.
- Whether the Accommodation use supports the tourism emphasis of the locality.
- The need to restrict land uses likely to generate high rates of vehicle movement to sites with direct frontage to main roads.
- The need to protect the core retail and service functions of the Anglesea Camp Road Shopping Centre.
- The need to protect the residential amenity of surrounding dwellings from off-site impacts such as noise, odour, traffic congestion and on-street parking.
- Whether a mix of land uses within each precinct is provided, with Food and drink premises and tourism-related retail predominantly at ground floor level, and accommodation and offices at upper floor levels.
- The effect that existing uses may have on the proposed use.
- The drainage of land.
- The availability of and connection to services.
- The effect of traffic to be generated on roads.
- The interim use of those parts of the land not required for the proposed use.

**Subdivision**

**Application requirements**

An application to subdivide land must be accompanied by a site analysis and design response demonstrating how the proposal addresses Clause 56, as appropriate.

**Decision guidelines**

Before deciding on an application to subdivide land the responsible authority must consider, as appropriate:

- Clause 56.

The suitability of the subdivision design to accommodate a range of land uses.

The effect the subdivision will have on the potential of the area to achieve the purpose of this schedule to the zone.

Provision for vehicles providing for supplies, waste removal and emergency services and public transport.

**Buildings and works**

All buildings and works must be maintained in good order and appearance to the satisfaction of the responsible authority.

**Application requirements**

An application to construct a building or construct or carry out works must be accompanied by the following information, as appropriate:

- A plan drawn to scale which shows:
  - The boundaries and dimensions of the site.
  - Adjoining roads.
  - The location, height and purpose of buildings and works on adjoining land.
  - Relevant ground levels.
  - The layout of existing and proposed buildings and works.
  - All driveway, car parking and loading areas.
  - Proposed landscape areas.
  - All external storage and waste treatment areas.
  - Areas not required for immediate use.
- Elevation drawings to scale showing the colour and materials of buildings and works.
- Construction details of all drainage works, driveways, vehicle parking and loading areas.
- A landscape layout which includes the description of vegetation to be planted, the surfaces to be constructed, site works specification and method of preparing, draining, watering and maintaining the landscape area.

An application to construct a building or to construct and carry out works (except for minor buildings and works associated with an existing building) must be accompanied by a site analysis and design response demonstrating how the proposal addresses:

- The provisions of the zone and schedule;
- The constraints of the site and locality;
- The surrounding streetscape and vegetation character;
- The coastal town character of Anglesea;
- The *Streetscape and Landscaping Policy* (Clause 22);
- Clause 54 or 55, as applicable.

### **Decision guidelines**

Before deciding on an application to construct a building or to construct and carry out works the responsible authority must consider, as appropriate:

- Whether development demonstrates a high quality of design that respects and enhances the coastal town character.
- The flexibility of the building design and floor plan to accommodate a range of uses over time.
- The integration of car parking and loading areas with the building design and layout so as to avoid excessive voids and potential vehicle-pedestrian conflict.
- Whether the buildings should incorporate noise attenuation measures into the design.
- All types of Accommodation must provide a high level of amenity for occupants and be designed according to principles of energy and water efficiency.
- The objectives and standards of Clause 54 or Clause 55, as appropriate, should be used to assess amenity standards for all types of Accommodation.
- The movement of pedestrians and cyclists, and vehicles providing for supplies, waste removal, emergency services and public transport.
- The provision of car parking.
- The streetscape, including the conservation of buildings, the design of verandahs, access from the street front, protecting active frontages to pedestrian areas, the treatment of the fronts and backs of buildings and their appurtenances, illumination of buildings or their immediate spaces and the landscaping of land adjoining a road.
- The storage of rubbish and materials for recycling.
- Defining the responsibility for the maintenance of buildings, landscaping and paved areas.
- Consideration of the overlooking as a result of buildings and works affecting adjoining land in a General Residential Zone, Neighbourhood Residential Zone, Residential Growth Zone or Township Zone.
- The availability of and connection to services.
- The design of buildings to provide for solar access.

### **Advertising signs**

Advertising sign requirements are at Clause 52.05. Land in this schedule is in Category 3.

### **Decision guidelines**

Before deciding on an application to display an advertising sign the responsible authority must consider, as appropriate:

- Whether advertising signs are designed to integrate with the architectural style and character of a building.
- Whether advertising signs are included as an integral part of the design theme of a development.
- Whether advertising signs attached to buildings obscure architectural features and supporting structures.
- Whether advertising signs are obtrusive when viewed from public areas.
- Whether the advertising area is proportionate to the building or structure on which the sign is to be located and whether it unreasonably obscures views to surrounding signs.
- Whether advertising schemes incorporate graphics, symbols and colours that reflect themes of the beach, ocean and natural environment as well as being dominated by images and pictures rather than words and logos.
- The need to discourage above-verandah signs.
- Whether the level of illumination of flood-lit and Internally-illuminated signs cause detriment to the amenity of nearby dwellings.

The need to discourage pole signs and promotion signs.
