Activity centres - Metropolitan Melbourne

Strategies

Support the development and growth of Metropolitan Activity Centres by ensuring they:

- Are able to accommodate significant growth for a broad range of land uses.
- Are supported with appropriate infrastructure.
- Are hubs for public transport services.
- Offer good connectivity for a regional catchment.
- Provide high levels of amenity.

Locate significant new education, justice, community, administrative and health facilities that attract users from large geographic areas in or on the edge of Metropolitan Activity Centres or Major Activity Centres with good public transport.

Locate new small scale education, health and community facilities that meet local needs in or around Neighbourhood Activity Centres.

Ensure Neighbourhood Activity Centres are located within convenient walking distance in the design of new subdivisions.
