BUSHFIRE MANAGEMENT OVERLAY

Purpose

To ensure that the development of land prioritises the protection of human life and strengthens community resilience to bushfire.

To identify areas where the bushfire hazard warrants bushfire protection measures to be implemented.

To ensure development is only permitted where the risk to life and property from bushfire can be reduced to an acceptable level.

Bushfire management objectives and application of schedules

A schedule to this overlay must contain a statement of the bushfire management objectives to be achieved for the area affected by the schedule and when the requirements within it apply.

**Application requirements**

Unless a schedule to this overlay specifies different requirements, an application must be accompanied by:

- A **bushfire hazard site assessment** including a plan that describes the bushfire hazard within 150 metres of the proposed development. The description of the hazard must be prepared in accordance with Sections 2.2.3 to 2.2.5 of AS3959:2009 Construction of buildings in bushfire prone areas (Standards Australia) excluding paragraph (a) of section 2.2.3.2. Photographs or other techniques may be used to assist in describing the bushfire hazard.

- A **bushfire hazard landscape assessment** including a plan that describes the bushfire hazard of the general locality more than 150 metres from the site. Photographs or other techniques may be used to assist in describing the bushfire hazard. This requirement does not apply to a dwelling that includes all of the approved measures specified in Clause 53.02-3.

- A **bushfire management statement** describing how the proposed development responds to the requirements in this clause and Clause 53.02. If the application proposes an alternative measure, the bushfire management statement must explain how the alternative measure meets the relevant objective.

If in the opinion of the responsible authority any part of these requirements is not relevant to the assessment of an application, the responsible authority may waive, vary or reduce the requirement.

**Requirements of Clause 53.02**

An application must meet the requirements of Clause 53.02 unless the application meets all of the requirements specified in a schedule to this overlay.

**Mandatory condition**

**Subdivision**

A permit which creates a lot for a single dwelling on land zoned for residential or rural residential purposes must include the following condition:

- **Incorporate the plan prepared in accordance with Clause 53.02-4.4 of this planning scheme and approved under this permit.**

- **State that if a dwelling is constructed on the land without a planning permit that the bushfire protection measures set out in the plan incorporated into the agreement must be implemented and maintained to the satisfaction of the responsible authority on a continuing basis.**

The land owner must pay the reasonable costs of the preparation, execution and registration of the Section 173 Agreement.”
This does not apply:

This condition continues to have force and effect after the development authorised by this permit has been completed.”
