**SUBDIVISION OF BUILDINGS AND CAR PARKING SPACES**

**Information requirements**

An application must be accompanied by the following information as appropriate:

- A copy of title for the subject land and a copy of any registered restrictive covenant.
- A copy of the relevant planning permit and approved plans for the development.
- A layout plan, drawn to scale and fully dimensioned showing:
  - The location, shape and size of the site.
  - The location of any existing buildings, car parking areas and private open space.
  - The location, shape and size of the proposed lots to be created.
  - The location of any easements on the subject land.
  - The location and details of any significant vegetation.
  - The location of the approved stormwater discharge point.
  - Any abutting roads.
  - The location of any street trees, poles, pits and other street furniture.
  - Existing and proposed vehicle access to the lots.
  - Any loading bays and vehicle standing areas.
  - Any waste storage areas.
  - Any proposed common property to be owned by a body corporate and the lots participating in the body corporate.

- For the subdivision of existing buildings and car parking spaces, a copy of the occupancy permit or a certificate of final inspection for the development.

- For the subdivision of land into two lots with an approved development currently under construction, evidence that the construction has commenced.

- If common property is proposed, an explanation of why the common property is required.

- If the land is in an area where reticulated sewerage is not provided, a plan which shows the location of any existing effluent disposal area for each lot or a land assessment which demonstrates that each lot is capable of treating and retaining all wastewater in accordance with the State Environment Protection Policy (Waters of Victoria) under the *Environment Protection Act 1970*.

- For land in an overlay, a written statement that describes how the proposal responds to any statement of significance, objectives or requirements specified in the schedule to the overlay.

**Decision guidelines**

In assessing an application the responsible authority must consider as appropriate:

- The suitability of the subdivision including how the layout and dimensions of the subdivision:
  - Are consistent with the approved plans and conditions of any relevant planning permit for the development.
  - Are consistent with the layout of existing buildings and car parking spaces on the land.
  - Appropriately accommodate any existing waste storage areas.
  - Appropriately accommodate any existing loading bay and vehicle storage area.
- Appropriately accommodate significant vegetation.
- Appropriately accommodate existing or proposed easements on the lots.
- Appropriately accommodate the provision of utility services to each lot.
- Appropriately accommodate the siting of buildings having regard to safety and the risk of spread of fire.

- If the land is in an area where reticulated sewerage is not provided to each lot, whether the layout of the subdivision accommodates the effluent disposal area for each lot.
- For the subdivision of existing buildings and car parking spaces, whether each new lot, other than common property, contains an existing building, part of an existing building or a car parking space.
- Whether the provision and location of common property is appropriate for the purpose for which the land is to be commonly held.
- Whether any public open space contribution is required under Clause 53.01 of this scheme or under Section 18 of the Subdivision Act 1988.
- The statement of significance and the objectives contained in the schedule to the overlay and whether the subdivision will adversely affect that significance or the objectives.
- Whether the proposal meets any requirements specified in the overlay or the schedule to the overlay.
