C75

The development of the wine industry is an integral part of the Council's tourism and agriculture strategy, with wineries providing a significant tourism destination.

This policy aims to provide guidance to Council in assessing applications for wineries and cellar door sales facilities to achieve high quality design and the provision of suitable tourist amenities.

22.11-2 Objectives

16/08/2018
C75

- Ensure that wineries and their cellar door sales facilities are compatible with the rural character of the area, and the environmental and aesthetic character of surrounding rural land.
- Ensure that cellar door sales operations do not adversely affect surrounding land uses and residents.
- Require wineries to provide adequate infrastructure.
- Ensure that Require adequate car and bus parking be provided on-site.

22.11-3 Policy

Exercising discretion

It is policy that :

- Any proposed winery development meets the standard infrastructure requirements of the planning scheme.
- Wineries provide appropriate on-site car and bus access and parking to meet the needs of customers and tour operators.
- Appropriate signage for business identification and car and bus parking areas is provided.
- Proposed driveways are constructed to an all-weather two-wheel-drive standard.
- The proposal will not be detrimental to traffic safety.

Decision guidelines

It is policy for Council to consider:

- How the proposal relates to the rural use of surrounding land.
- The location and siting of proposed buildings and facilities.
- Whether the land is of sufficient size and location to enable separation of off-site effects from adjoining land uses.
- The environmental conditions of the land including flora, fauna, salinity and erosion protection.
- The standard of road access to the property.
- The planning history of the land, including any previous permit applications for the winery.

Application information requirements

It is policy that permit applications contain the following information when lodged with Council:

- A site plan drawn to scale, with a north point, that shows or records (where applicable):
 - All existing and proposed development.
 - Abutting roads, and a description of the standards of public access roads to the site.
 - The location of existing buildings on adjoining land within 200m of the proposed development.
 - The location of the access roadway/s, car and bus parking and manoeuvring areas.
 - Adequacy and location of toilet facilities and amenities.
 - Disabled access for persons with disabilities.
- A report detailing/explaining:
 - The days and hours of operation.
 - The number of anticipated car and bus movements per day.
 - Proposed signage.
 - Details and locations of water supply and effluent disposal management systems.
 - Rubbish and waste disposal areas and management.
