VC81**Mandatory conditions for subdivision permits**

A permit for subdivision must contain the following conditions:

The owner of the land must enter into an agreement with:

- a telecommunications network or service provider for the provision of telecommunication services to each lot shown on the endorsed plan in accordance with the provider's requirements and relevant legislation at the time; and
- a suitably qualified person for the provision of fibre ready telecommunication facilities to each lot shown on the endorsed plan in accordance with any industry specifications or any standards set by the Australian Communications and Media Authority, unless the applicant can demonstrate that the land is in an area where the National Broadband Network will not be provided by optical fibre.

Before the issue of a Statement of Compliance for any stage of the subdivision under the *Subdivision Act 1988*, the owner of the land must provide written confirmation from:

- a telecommunications network or service provider that all lots are connected to or are ready for connection to telecommunications services in accordance with the provider's requirements and relevant legislation at the time; and

- a suitably qualified person that fibre ready telecommunication facilities have been provided in accordance with any industry specifications or any standards set by the Australian Communications and Media Authority, unless the applicant can demonstrate that the land is in an area where the National Broadband Network will not be provided by optical fibre.

This requirement does not apply to a permit granted to:

- Subdivide land in a rural zone, public land zone, Urban Floodway Zone or Special Use Zone if the responsible authority is satisfied that connection to telecommunication services is not warranted.
- Realign the common boundary between two lots (boundary realignment).
- Subdivide an existing building already connected to telecommunication services.

A permit granted to subdivide land in a manner that does not require referral under Clause 66.01 must contain the following conditions:

- The owner of the land must enter into agreements with the relevant authorities for the provision of water supply, drainage, sewerage facilities, electricity and gas services to each lot shown on the endorsed plan in accordance with the authority's requirements and relevant legislation at the time.
- All existing and proposed easements and sites for existing or required utility services and roads on the land must be set aside in the plan of subdivision submitted for certification in favour of the relevant authority for which the easement or site is to be created.
- The plan of subdivision submitted for certification under the *Subdivision Act 1988* must be referred to the relevant authority in accordance with Section 8 of that Act.

This requirement does not apply to a permit granted to subdivide land into lots each containing an existing dwelling or car parking space.

Referrals under the Subdivision Act – certification of plans

For the purpose of Section 8(1)(a) of the *Subdivision Act 1988* referral of a plan is required if:

- A referral is required by a permit issued under this scheme. The plan must be referred to the relevant referral authority.
- A plan creates, varies or removes an easement or restriction likely to be of interest to a referral authority. The plan must be referred to the relevant referral authority.
- The only access to a lot on a plan is over Crown land and the Minister administering the *Land Act 1958* has not consented or provision has not been made for a road to be reserved or proclaimed. The plan must be referred to that Minister.
- In the opinion of the Council the plan may affect existing sewerage, water, drainage or other works. The plan must be referred to the referral authority responsible for those works.
